Magnus cdp

Hybrid Compact Disc Player

The equilibrium between clean sound and the elegant design has created an alchemy from which this object of great desire has been produced.

We searched to produce a product that aesthetically has the unmistakable style of the traditional, and yet encloses in its core many innovative and at the same time revolutionary technical solutions.

From the offset Synthesis' Research and Development ensured the MAGNUS compact disc player would trace the shapes that marks all the products of the series, thus allowing it to be inserted into your system with Synthesis's customary refined approach to visual presentation.

The sound superiority finds expression in all of our products and is the result of our long acoustic search aimed to continually improve of all the characteristics Hi-Fi .

Technical specifications:

Total audio distorsion:	< 0,1%	Power consumption:	35W Max
Audio S/N ratio:	> 90.0 dB	Finish:	Front panel: Transparent opaque dark grey laquer Shiny black laquer.
Frequency audio response:	20Hz - 20KHz 0dB	Body:	Dark grey
Audio output level:	1.5V	Dimensions: (w,d,h)	440x350x120mm
Tube output:	ECC88/6DJ8	Weight:	6.0 Kg
D/A conversion:	24 Bit	Remote control:	
Frequency:	192 KHz	Transmitt:	Infrared RC5 code
Controls:	Front panel: <i>Display, infrared receiver.</i> Front panel keys for: <i>Power switch, open,play,pause stop,next, prev.</i> Rear panel: <i>Fuse, power plug RCA output L and R , Digital output.</i>	Function	Stby, play, pause, stop, rep, next, prev, time, rew, forw.
Mechanis:	Quite track CD-DVD Rom transport	Battery	3 X 1,5V AAA
Display:	32 character LCD display	Power consumption:	20mW Max
Format:	CD Audio (CD-DA), CD-R, CD-R/W.	Finish:	Transparent opaque dark grey laquer or Shiny black laquer.
Audio output connectors:	RCA gold plated	Dimensions: (w,d,h)	65x170x25mm
Digital output connectors:	RCA gold plated	Weight:	230 gr. (included battery) 0.1 Kg (excluded battery)
